**Here's a way to
enjoy stiffer
erections, fewer
pains and more
energy, too.**

I'm a tiger in bed again...**Mr. Smith**

Dear Friend,

Golf 17 holes once again...and still have energy later to make your bed a place of fun and pleasure through the night.

Sounds like a thing of the past?

Well, let me tell you how it can be in your future.

There's an all-natural, completely side-effect free way to become the man you were at 26.

You'll be able to finesse you lady in the bedroom. Put in a full day's work at the office, then the end of your day, pleasure her in all the ways you may have been too tired to do in the past. She'll smile again....every time she thinks of you.

Not only will you get benefits in the bedroom, but you will boost your immune system. When you hear about the flu-bug and all the other bugs going around, don't worry. Your immune system will be able to defeat those flu and cold bugs once and for all. And, you will be surprised when you look at the bathroom scale, because the pounds will melt away.

Say 'bye-bye' to stiff joints. That's right. Bend over and look for your shoes under the bed and snap right back up in no time flat.

In a little while, you'll be able to achieve more in your day than ever before. That's because you'll be able to do things you hadn't done in years.

Stop worrying about those other guys whose bodies are literally falling apart. Watch the late movies and get up early feeling vibrant enough to run extra laps on the track. Yes. Your life is about to get better—better than you could have dreamed.

Hold up a minute, though. I have to warn you...strange young females just might stop you on the street asking for directions. I don't think you'll mind one bit, though. Will you?

This is your chance to stay fit, look good and feel young.

But don't take my word for it, read below:

My sexual prowess had gone the way of the DoDo. My wife never said anything, but I knew what she was thinking. But after a couple of months on your product, my wife now says she feels like she lives with a 25-year old again! **Mr. Rogers**

"I started getting lots of colds and flu-like symptoms just about every other week...Not anymore. Not for me anyway. I've been taking your formula for 2 months now and have not experienced even the slightest sniffle." **Mr. Young**

STAY ERECT AND READY TO PERFORM...MORE OFTEN

I'd like you to imagine for a moment.....

Imagine going on a road trip to your preferred destination. As you drive along conquering the open road with your favorite tune on the radio, you finally reach your destination. You are bursting with energy when you get there. You are able to drop your bags off at the hotel and get right to the hiking, riding and experiencing all the fun-filled activities on your vacation.

And you will still have energy to make mad passionate love to her when you get back to your room.

But let's continue.....

Imagine dancing a hole in your shoes the next day as you indulge in a night out on the town. There's a new twist in your back side. Onlookers admire your moves....you are magnetic. You twirl and dip all over the dance floor as watching females wish their dates were as suave as you.

And, later on that night, you still have a load of get-up-and-go to give her round two in the bedroom.

Very soon and on into the distant future you will be able to experience greater pleasure in life. Why? It's because you'll have a fount of staying power.

What in life is more valuable than having the ability to do more and the capacity to feel great doing more? You're right. It's priceless. And you'll have access to it in just a minute.

Now read more about what others are saying:

"During the weekend, I have more time, and more energy..." **Mr. Cromby**

He was man in his 50s suffering horribly from arthritis pain in his left knee. Each time he got up to walk, he'd wince and groan in misery. He said, "It felt like my bones were grinding against shards of glass each time I walked." After a short time taking a new product, Mr. Vick reported that his arthritic pain had drastically improved. He was even able to play a round of tennis with his wife again. **Mr. Vick**

Before I do, let me tell you a little bit about the man who is helping men turn their lives around for the better.

DR. SMITH MAKER OF THIS PRECISE FORMULA

Martin Smith, MD

After watching his father, who was once a healthy and robust man, become listless, sluggish, and apathetic, Dr. Martin Smith wanted to help him be better again. He wanted a means to battle the damaging effects of the typical Western diet, which he believed was responsible for his father's mental and physical decline.

Motivated by this goal, Dr. Smith, director of Martin Smith Clinic and Health Awareness Center, first stumbled upon this formula while on sabbatical in Shanghai. While researching Chinese healing herbs during this time, Dr. Smith decided to go against conventional medicine and explore the benefits of natural healing.

After several years of research and trials, Dr. Smith finally developed this product, currently available only through his clinic.

Having received his degree from John Hopkins University, Dr. Smith and his staff are qualified and now committed to providing Phyto-Punch! to improve the lives of other men like his father.

Now that you know something about Phyto-Punch!'s maker, let me give you evidence into how this product can dramatically improve many areas in your life.

MORE SEX, HEALTH AND ENERGY CAN NOW BE YOURS

Here it is. You've decided to treat her to a romantic candlelight dinner at home. After dinner and titillating conversation, you retreat to the bedroom. Other men your age would end the evening after conversation, but not you. Your body bursts with so much energy and drive, you top off the evening by satisfying her in bed over and over again.

What's responsible for the boost to your libido?

Well, Phyto-Punch! contains Siberian and Korean Ginseng, which have both been used by the Chinese for thousands of years for sexual longevity.

But you may be wondering why ginseng works in the Phyto-Punch! formula. Let me to tell you about it.

At the American Psychiatric Association's 157th Congress in 2004, Richard Brown, M.D., presented findings about his numerous studies on aphrodisiacs. During his presentation, he explained how ginseng positively increases dopamine and nitric oxide levels in the body.

Hmmm...but what does that have to do with sexual longevity, you may ask?

Well, nitric oxide signals the body to send blood to certain organs in the body...in this case, your sexual organs. And dopamine produces pleasurable feelings when it is released by the brain. Both chemicals work together to help correct erectile dysfunction.

But that's not all.

Phyto-Punch! includes ginkgo leaf, also used by the Chinese for thousands of years, and recently found to help correct erectile dysfunctions.

According to a study published in the Journal of Sex Education and Therapy in 1991, ginkgo leaf was given to 50 men in a study to determine the effects upon erectile dysfunction. And, what do you know? Thirty nine of the participants regained proper erectile functioning.

And sexual performance is not the only improvement you can look forward to when using Phyto-Punch! Let me tell you about what it can do for your sex gland...the prostate.

Your prostate is a small, chest-nut sized gland situated near your bladder that helps produce sperm during sexual intercourse. It's very important to take care of your prostate after age 50, because prostate cancer is one of the leading causes of cancer death in men living in the United States.

But, when you begin using Phyto-Punch!, you can reduce your chances of developing health problems involving the prostate. It's because one of the herbs contained in this formula is nettle leaf, known for improving prostatic conditions.

One prostatic condition common among men is prostate enlargement. Men suffering from this condition experience decrease urine flow and volume.

A group of German doctors published findings on a study of men using nettle root in a publication called Der Urologe A. Fifty study participants using nettle were observed for 9 weeks and were found to experience a significant increase in urination volume and urine flow as compared to the placebo group. And, in another double-blind, placebo-controlled study, 67 male participants using nettle 14% experienced improved urine flow and a 53% decrease in residual urine.

How does nettle work? Well, nettle root contains substances that influence the prostate by interacting with male sex hormones, or alters the properties of prostate cells.

Phyto-Punch! is a collection of the finest herbs used on the market today. And, it's the *only* vitamin supplement comprised of whole-food nutrients—enabling your body to immediately recognize and assimilate their benefits.

Simply put, you can enjoy quicker results.

Along with the ingredients mentioned, Phyto-Punch! contains a host of other power-house goodies.

Now you can take a formula that improves your sexual performance, protects your prostate and boost your immunity without taking addictive conventional medicines.

Give Phyto-Punch! a try. You won't be disappointed.

BOOST YOUR LIBIDO LIKE MANY OTHER MEN

If you are still unconvinced of the usefulness of this product, then read what others who have used the formula say:

"My wife's career is just as challenging and rewarding as mine. That makes the time we have together even more special. And, of course, we don't want to waste our precious hours together being sick. And, amazingly, since I started taking your formula, I'm not. I feel great." **H. Walters**

"Your formula definitely keeps my energy level up, which in turn helps me to motivate my clients into reaching their fitness goals." **G. Brockman**

"...I can honestly say that I haven't seen a better or more natural product on the market that can restore a man's energy and vitality as well as your formula." **R. Bellows**
